Proceedings of the Govt. of H. H. the Maharaja of Mysore

Order - Camp No. 940 - 48 of Chittledroog 29th Decr. 1891

LR3-90-4

The new forms of Village accounts prescribed by rules under the Land Rev: Code, need not, in any particular Taluks where difficulty is experienced owing to the present exceptional season, be adopted for the current year, and their adoption in such Taluks deferred till next year. In Taluks where these new forms have already been prepared for the current year (as to which Deputy Commissioners are requested to submit a report) the Shanbogues will be given hereafter a Special Stationery allowance in addition to what may have been included in their Dolgi under rules VII and VIII of the revised rules for the remuneration of Shanbogues and Patels.

Printed forms of Puttas in the old form will at once be supplied from the Head Quarter Office, and these may be distributed in the current year in lieu of the new form prescribed by the Rules under the Land Revenue Code.

The Superintendent of the Mysore Rev: Survey

Sir,

I am directed to forward for your information, copy of Proceedings Camp No 940-48 dated 29th December 1891 (regarding the new forms of village accounts) and to request that you will be good enough to favor Government with your views as to what the special stationary allowance may be, for preparing the new forms of village accounts,

the

the preparation of which requires more trouble and stationery.

2. Perhaps the additional allowance is best given by adding a small percentage to the allowances already fixed under the rules. In that case, kindly state what, in your opinion, that percentage may be.

3. The stationery allowance fixed under rules 7 and 8 is merged in the Potgi. I am to ask for a statement showing the amount of the allowance so

fixed

(General Serial No. 30).

No. 732 (9)

Survey Superintendent's Office
Bangalore 5th February 1892

To,
The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to acknow=
=ledge the receipt of your letter No. 981
of the 31st December 1891 on the sub=
=ject of the new forms of village
accounts and the question of giving
a special Stationery allowance
to Shanbogs, in addition to what
may have been included in their
Potgi under Rules VII and VIII
of the Revised Rules for the re=
=muneration of Patels and Shanbogs.

2

I have had a village containing 100 Survey Numbers experimentally prepared, as to accounts, in both old and new forms with the result that under the old Forms 6 quires of paper and under the new Forms 8 quires of paper had to be used. This represents roughly about 33 per cent addition to the Stationery Allowance and if the additional labour required in preparing the new accounts be taken into account it might not be unreasonable to allow 50 percent addition to the present Stationery

Allowance

Allowance.

3 The above I would suggest only as a temporary measure pending a more permanent step which I now beg to recommend. Referring to the table at Rule VII of the Revised Rules it will be seen that the Stationery Allowance is not an uniform percentage on the gross revenue but that it decreases in inverse ratio to the latter. Thus for a gross revenue of Rs 101 to Rs 200 the Stationery allowance is Rs 3 while for a gross revenue of Rs 701 to Rs 900 the Stationery allowance is only Rs 5, and so on. The Patels having as

a rule only one village each, and the villages in Mysore running very small, their Stationery allowance is calculated on low gross revenue and is therefore high. The Shanbogs on the contrary, as a rule, hold large charges comprising several villages and the Stationery allowance being calculated on the gross revenue of the charge and not of the village bears a relatively low proportion to the gross revenue. If the Stationery allowance for Shanbogs were calculated on each village of the

the charge separately the total for, say, a Taluk, would be almost exactly the same as for the Patels but would of course, individually, the Shanbogs being so few in number, represent a better average allowance.

4 If the Statement attached, prepared as required at Para 3 of your letter, be consulted it will be seen that up to date the Patel's Stationery allowance (Col. 5) is in round numbers about Rs 20,000 more than the Shanbog's Stationery allowance (Col 10). Rs 20,000 therefore would represent the extra cost to Government

-ment of adopting my proposals up to date. For the whole Province the cost would be roughly about Rs 28,000.

5 The village, with its separate accounts, is undoubtedly the crucial unit as regards both expenditure of Stationery, and labour, and as it is now apparently admitted that the Shanbogs require some additional allowance there can be no better opportunity or fairer way of granting that extra allowance than by revising the Shanbogs Stationery allowance village-war instead

instead of charge-war. Stationery allowance is thus calculated in Bombay, i.e. village-war, but although I believe Major Prescott when acting Survey Commissioner advocated the same system in Mysore it was on account of the cost admitted only in case of Patels. It seems to me only fair that the village-war calculation should be extended to Shanbogs also and I accordingly submit the question for the consideration of Government. The addition of a small percentage to the present Stationery allowance of the Shanbogs as proposed in your

your Para 2 will no doubt be a boon to the Shanbogs but it will not make the allowance in question at all equal as the plan I now propose would. The measure I am sure would satisfy the Shanbogs

6 Should Government approve of my proposals early orders would be of great service to me as I have the Pakka Potgi of several Taluks now in hand and the Stationery allowance could be calculated once for all and fresh calculations and

Iterations

alterations thus obviated.

I have the honor to be
